Yes, I want to exercise my right of freedom of speech by supporting, the buying, selling and use of 1.4g consumer fireworks, that have long been an American Tradition!

I would like to be added as a Friends of Fireworks member to help support the use and sale of 1.4g consumer fireworks as an American Tradition.

As a Friend of Fireworks Supporter, I oppose any change in the Regulations and/or Rules, whether State or Local, that have the potential to jeopardize these Rights.
